PROJECT OVERVIEW

A MODULE FOR AUTOMATION OF APPLICATION
PROCESS FOR TRANSFER OF TEACHERS

DESCRIPTION

- 1: This module do not intend to change the already **DEVELOPED** application's code rather it aims to just talk to database and as a **PLUGIN** on already developed application.
- 2: The solution we propose to the problem of automation and not touching already developed application is using of **AUTOMATICALLY GENERATED EMAIL** for communication among entities (ps, directors, etc).
